Certification may be given only when an exempt organization is the direct purchaser and payer of record. Any bill, invoice or receipt given by the vendor must show the above named organization as the purchaser. Payment must be from the funds of the exempt organization.

The exemption from New York State and local sales and use tax does not extend to officers, members or employees of the organization. Personal purchases made by such individuals are subject to sales tax. An organization's exemption does not extend to its subordinate or affiliated units. When making purchases, subordinate units may not use the exemption number assigned to the parent organization. Such misuse may result in the revocation of the exemption granted.

Substantial civil and/or criminal penalties will result from the misuse of this form. In addition, where a certification is received later than 90 days after the delivery of the property sold or the

services rendered, the burden of proof that the sale was exempt will fall on both the seller and the purchaser.

Certification must be given to each vendor at the time of the first purchase from that vendor. A separate certification is not necessary for each subsequent purchase provided the exempt organization's name, address, and certificate number appear on the sales slip or billing invoice. The certification is considered part of each order given to the vendor and remains in force unless revoked.

Vendors must retain this Exempt Organization Certification for at least three years after the date of the last exempt sale substantiated by the certification.
